

GET ACTIVE! SINGAPORE PESTA SUKAN 2026
RUN/WALK & SWIM CHALLENGE
REDEMPTION GUIDE

Thank you for participating in the Pesta Sukan 2026 Challenge! Here is everything you need to know about collecting your well-deserved rewards.

Step 1: Check Your Prize Tier

Log in to your participant portal at **pestasukan.sg** and check the Rewards & Progress card on your Dashboard. Your current tier and progress are shown there, including your total verified distance for your activity category (Run/Walk or Swim), a progress bar that fills as you get closer to your next medal tier, and a progress text showing exactly how much further you need to go and the target distance for that tier. Note that only entries marked "Verified" count towards your total.

Step 2: Get Your Redemption Code

Once you have clocked enough distance to reach a medal tier, you can collect your unique redemption code from your Dashboard. Show this code at the redemption point to collect your reward.

To retrieve your code: go to your Dashboard, then under Rewards & Progress, tap "Show my redemption code". Your unique code (for example, PS-J53KR9) will appear on screen. Show this code at the redemption point to collect your reward.

⚠ Important: Do not tap "Confirm & Collect" on your own. This should only be done at the redemption counter, after staff have verified your code and handed you your entitlements. Tapping "Confirm & Collect" before this will be treated as a completed redemption and you will not be able to redeem again.

Step 3: Collect Your Entitlements

Your entitlements are based on your achievement tier:

Medal	Individual	Family (Per Participant)
Gold	Medal + Tumbler	Medal + Tumbler + Shoe Bag
Silver	Medal + Bath Towel	Medal + Bath Towel + Shoe Bag
Bronze	Medal	Medal + Shoe Bag

Note: All entitlements and premiums are available while stocks last.

Important Reminders

Each participant may redeem a reward only once for the entire challenge. If you continue clocking distance and reach a higher tier after already redeeming your Bronze reward, you will not be able to redeem again. Your first redemption is final, regardless of any tier you reach afterwards.

Only verified activity entries count toward your total distance. If an entry is still pending review or has been rejected, it will not be reflected in your tier progress.
